EDUCATION

Bachelor Of Technology(B.Tech)

Kakatiya University (KUCET), Warangal

07/2020 - Present

Percentage - 86%

Courses

- Information Technologies

Diploma (Polytechnic)

Government Institute of Electronics, Secunderabad

07/2016 - 11/2019

Percentage - 82%

Courses

- Electronics specialization in Computer Engineering

SSC

Abhinav High School, Khammam

2003 - 2016

CGPA - 9.5

PERSONAL PROJECTS

Kakatiya University (College Project) (01/2022 - Present)

- Main purpose is to provide online classes in a more efficient way for both students and teachers
- **Technologies Used** : NextJS/ReactJS, NextAuth, MongoDB, TailwindCSS etc.

Instagram Redesign (02/2021 - 05/2021)

- This project is to full stack a website.
- **Technologies used**: ReactJS, Google Firebase for database and authentication, TailwindCSS, BEM, Material UI, Instagram post Embed etc.
- **Features**: user authentication, also with Google & Facebook Authentication, uploading images, profile updates, deleting account, comments section, responsive design, etc.

Chat Application (02/2021 - 02/2021)

- Participated in Full Stack Web Developer Workshop organized by papareact.com. As a part of contest I built this chat application.
- **Technologies used**: ReactJS, Google FireBase for database and authentication, React Context API, Material UI, BEM, etc.
- **Features**: User can register to text, responsive design, etc.

SKILLS

C++

Java

JavaScript

ReactJS/NextJS

Google Firebase

API's

TailwindCSS

DS and Algorithms

OOPS

Operating Systems

Visual Studio Code

Git/GitHub

ACHIEVEMENTS

The Full Stack Web Developer Workshop
(02/2021 - 02/2021)

Winner in the contest of building a full-stack application.
Where I built a [chat application](#)

CERTIFICATES

Freecodecamp - JavaScript Algorithms and Data Structures (04/2022)

Hackerrank - React (04/2022)

Freecodecamp - Responsive Web Design
(07/2020)
